WORTHY Five Clones

Packaged with our trademark fired-on label, Five Clones makes a perfect line extension to the Worthy family in keeping with the superb value of “Sophia’s Cuvee.” This wine was proudly served at an official event at the Vice President’s private residence on November 4th, 2009.

Harvest Report: The 2010 growing season in Napa Valley began cool and wet, pushing bud break, flowering and fruit-set back by three weeks. Fortunately there was very little frost damage due to a lot of cloud cover. A cooler than normal summer brought about a later than average veraison. Good canopy management helped prevent damage to the grapes from a late August heat wave. Overall the 2010 vintage resulted in lower yields, but excellent fruit.
